

SUMOPLAST

Sumoplast, founded by **Mr. Vijay B. Ochlani** in 1996, has become a trusted name in the manufacturing of high-quality plastic molding parts for forklifts and automobiles. With over **35** years of industry experience, we specialize in producing and exporting a wide range of parts tailored to the specific needs of our customers.

Quality Guaranteed

SUMOPLAST

- Pursue Strategic Growth: Our focus is on seizing broader strategic opportunities that not only serve our customers but also drive sustainable growth for our business.
- Quality at the Core: We continuously strive to improve our processes and products, ensuring that quality remains at the forefront of everything we do.

- Quality – producing or providing products or services of high quality
- Development – the creation of long-term value for an organization from customers, markets, and relationships.
- Delivery – the businesses can expand the customer relationship with the punctual delivery, good reputation and satisfaction
